Charlie Mai

IT DevOps Support Engineer | Ex-AWS Cloud Support Engineer II |
AWS, Automation, AI-Driven Troubleshooting
Dublin, County Dublin, Ireland

Summary

-- IT professional with 16 years of experience across cloud support, backend development, DevOps, and technical leadership.-- Former AWS Cloud Support Engineer II with deep experience in cloud troubleshooting and distributed systems.-- Recognized for top tier customer satisfaction and performance, with a strong track record in automation, root cause analysis, and cross functional problem solving.-- Currently focused on building scalable operational processes and AI assisted troubleshooting systems for complex enterprise environments.

Experience

National Broadband Ireland
IT DevOps Support Engineer
February 2025 - Present (1 year 7 months)
County Dublin, Ireland

Support production systems built on AWS serverless and COTS platforms, handling incident investigation, root cause analysis, and integration support.

Build and improve operational automation to reduce recurring issues and improve system reliability.

Deploy fixes and updates, troubleshoot backend integrations, and support internal systems maintenance and issue resolution.

Develop scripts and visualisation tools to improve troubleshooting efficiency and operational visibility.

VIVERSE

Business Programme Manager
April 2024 - February 2025 (11 months)
Dublin

Led cross-functional delivery and customer-facing technical coordination for product and enterprise initiatives across EMEA, including e& universe.

Managed multiple parallel workstreams across engineering, R&D, and business stakeholders to align scope, requirements, and delivery plans.

Amazon Web Services (AWS)

2 years 3 months

Cloud Support Engineer II

October 2023 - March 2024 (6 months)

Dublin

Promoted to Cloud Support Engineer II within 21 months, recognized as Top 1 in customer satisfaction and Top 2 in performance within the cloud support team.

Accredited as a CloudFront Subject Matter Expert (SME), contributing to mentoring, technical enablement, and support quality improvements across the team.

Cloud Support Engineer

January 2022 - September 2023 (1 year 9 months)

Dublin

Resolved highly complex customer issues across AWS services including CloudFront, S3, Route 53, API Gateway, Lambda, IAM, WAF, SES, and media services.

Worked directly with customers, architects, and TAMs to reproduce issues, provide root cause analysis, and deliver high-quality technical resolutions.

Applied advanced troubleshooting techniques across distributed cloud environments and supported critical customer communications during high-impact incidents.

Contributed to onboarding, mentoring, knowledge sharing, technical documentation, and hiring activities within the support organization.

Verizon Media Platform

2 years 5 months

Solutions Engineer

May 2021 - August 2021 (4 months)

Taiwan

Supported customer-facing solution delivery and technical coordination for enterprise implementations.

Delivery Customer Support Engineer

April 2019 - August 2021 (2 years 5 months)

Taiwan

Troubleshoot server, network, CDN, and application issues for enterprise customers and provided configuration and implementation support.

Managed incident, problem, and change workflows while working with regional teams on customer onboarding, PoCs, and production issue resolution.

Performed traffic log analysis and CDN performance analysis to support customer troubleshooting and service optimisation.

CATCHPLAY - FOR MOVIE LOVERS, BY MOVIE LOVERS.

2 years

Technical Lead

July 2018 - April 2019 (10 months)

Jakarta

Relocate to Jakarta since July, 2018.

Led Android TV and set-top-box application delivery, partner integrations, and cross-platform technical alignment across Android, iOS, and web teams.

Built CI practices for the frontend team and helped redesign application architecture to improve product performance and user experience.

Supported streaming SDK integration and multi-region product delivery across Taiwan and Indonesia.

Technical Lead

May 2017 - July 2018 (1 year 3 months)

Taipei City

Nogle Taiwan Limited

Team Lead, Mobile

July 2015 - April 2017 (1 year 10 months)
